1. Background

Wetlands International is global not-for-profit organisation dedicated to the conservation and restoration of wetlands. The vision of Wetlands International is: “a world where wetlands are treasured and nurtured for their beauty, the life they support and the resources they provide”. The organisation has operated as a global network since 1996 and is the leading not-for-profit organisation dedicated to the conservation and restoration of wetlands. With 20 offices around the world, it is a science-based organisation and trusted partner of local communities, governments and the private sector, with expertise in managing water for people and nature.

Wetlands International Africa Regional office is undergoing a restructuring of its management functions. The set-up of Wetlands International in Africa is based on sub-regions, namely: West Africa Coastal (based in Senegal); Sahel (based in Mali); and East Africa (based in Kenya). This can in the future be extended to other parts of the continent and provides a solid framework for structuring coherent programmes in the Africa region.

In the East Africa region, Wetlands International’s currently has operations in Kenya, Ethiopia, Uganda Tanzania and South Sudan. Operations are expanding, and are expected to continue to grow in the coming years. Wetlands International East Africa office has responsibility for: sub-regional partnerships; communications; network development and nurturing; resources development; programme and project development, execution and reporting; human resources management; and country operations.

Wetlands International East Africa is currently undergoing an institutional development process, which provides the opportunity to ensure that the organisation has the necessary systems and resources in place to effectively and efficiently implement achieve its ambitious in the region.
